# Monte Rosso Vineyard Zinfandel

We are beyond excited to work with this iconic hillside vineyard situated at 1300' up on Moon Mountain in Sonoma. Monte Rosso has a reputation as one of the oldest and best Zinfandel vineyards in the world. Planted in 1886, the Zinfandel blocks we source from are nearly 130 years old. Besides Zinfandel you can find an assortment of varieties interplanted including Alicante Bouschet, Grand Noir, Mission, Tempranillo, Berger, and Muscat. The steep and rugged mountainside produces a wine of tremendous structure and power. We seek to harness this power and illustrate its traits through our Monte Rosso Zinfandel. This wine will age for a decade or more and requires a little extra aeration or decanting should you wish to enjoy it over the next year or two. Feel free to put some bottles down in the cellar and watch it unfold in the years to come.

## VINEYARD:

**Appellation:**

Moon Mountain

**Varietals:**

Zinfandel
